AMENDMENTS TO THE ABSTRACT:

Please replace the paragraph (Abstract) beginning at page 15, line 2 with the following rewritten version:

A bulldozer ~~work vehicle~~ provides improved visibility in front and/or rear of the bulldozer ~~work vehicle~~. The bulldozer ~~work vehicle~~ includes an engine arranged in the front of the bulldozer ~~work vehicle~~ and a cooling ~~unit~~ module for cooling the engine arranged elsewhere in a the ~~vehicle~~ bulldozer, such as behind ~~the vehicle cab~~ driver's seat. In the ~~When work vehicle is a~~ bulldozer, the ~~aforesaid~~ arrangement of the engine, the vehicle, and the cooling module provides improved visibility in front of the bulldozer ~~work vehicle,~~ so that the operator of the bulldozer can view the upper middle portion of the bulldozer blade.
